CHERRY PECTORAL

For the Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

And by their varied, and thorough adaptation that these diseases yield to it, when the most active forms of medicine entirely fail. Hence, wherever it is known, it has established the confidence of the community in the extent of its virtues, and the certainty of its cures. Throughout the country, the Cherry Pectoral is the only remedy for Pulmonary complaints that the people will rely upon, and the only one that the Physician can prescribe with confidence of its effects. Where its composition is understood, and its virtues known, it is the only remedy that the Public will take, except on the recommendation of their most skilful and trusted friends. Such is the case wherever it has been introduced, and such it will be, wherever its virtues shall become known.

INFLUENZA, COLDS, COUGH.

Nashua, Iowa, June 26th, 1851.

Dr. J. C. AYER—Dear Sir: I have used your Cherry Pectoral in my family for the Influenza, Colds, Coughs, Croup, and Whooping-Cough, and find it the best medicine for these complaints that we have ever known. Indeed, we have found it a perfect antidote for all diseases of the throat and lungs, and always keep it on hand. Yours, with respect,

JAMES CLOVER.

CURE OF CONSUMPTION AND COUGH.

Lynn, Mass., Feb. 15, 1851.

Dear Sir—For the benefit of my fellow-citizens, I have to say that I was afflicted with a severe cough, which terminated in Consumption, and finally confined me to the house. I was under the care of a physician, who gave me up, and said I must die. I commenced taking your CHERRY PECTORAL, and was so much relieved by the first bottle, that I was induced to continue its use, and by the time I had taken three bottles, I was entirely cured, and am now in the enjoyment of health. I have since enjoyed good health, and have had no occasion to use any medicine, but your CHERRY PECTORAL, which I always keep by me, and recommend to my friends and neighbors. Yours, with respect,

JAMES CANDLER.

CONSUMPTION CURED.

Dr. AYER—Dear Sir: I have been afflicted for many years with a severe Bronchial affection, which, during the winter and spring, confined me to the house, and frequently to my bed. I have tried many remedies, and have been under the care of several physicians, but have received no permanent relief from any, until I was induced to try your CHERRY PECTORAL. I have taken but little more than one bottle of this medicine, and am now free from my cough, and feel like a new man. Yours, with respect,

EDWARD HITCHCOCK.

Bounty on Wolves.

If you have Wolves about your premises, and would like to get rid of them, you can do so by using Dr. HAYNES' CELEBRATED WOLF BAIT. This is the only article ever offered to the public that will destroy the Wolf. Any person who has lost sheep by Wolves, and has used this bait, will testify to its efficacy. Any person who has lost sheep by Wolves, and has used this bait, will testify to its efficacy. Any person who has lost sheep by Wolves, and has used this bait, will testify to its efficacy.

A more deadly poison for Wolves and Foxes than any heretofore used. It does not succeed in getting a single time that it is used, but in numerous instances it has only effected a partial cure, requiring in some cases the application of the bait three or four times in succession before the fatal spot where it was applied by the Hunter to take effect. Where it has been used there is no other like it that have succeeded in obtaining. For sale only by

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER 43 YEARS' SUFFERING.

Extract of a Letter from Mr. William Gribbin of 70, St. Mary's Street, Weymouth, dated May 16th, 1852.

To Professor Holloway.

Sir,—For the cure of my wife (who is now 67 years of age) of a violent cold which settled in her legs and eyes, since that time they have been more or less sore, and greatly inflamed. Her troubles were at times dreadful, and for months together she was quite confined to her room. Last April I was recommended to try your Ointment and Pills, and after using them for a few days she found relief, and by the time she had used two pots and a half she was entirely cured. I have since used your Ointment and Pills in my family, and have found them to be the best I ever tried. I shall always keep them by me, and recommend them to all my friends.

(Signed) WILLIAM GRIBBIN.

A PERSON 70 YEARS OF AGE CURED OF A BAD LEG, OF THIRTY YEARS STANDING.

Copy of a Letter from Mr. Wm. Abbs, Builder of Gas Works, at Rudsdale, near Huddersfield, dated May 31, 1851.

To Professor Holloway.

Sir,—I suffered for a period of thirty years from a bad leg, the result of two or three different accidents. I had recourse to a variety of medicines and dressings, which, accompanied by persuasions, I had been led to believe would cure me, but were told that the leg must be amputated, yet refused to submit to such an operation, your Pills and Ointment have effected a complete cure in so short a time, few who had not witnessed it would credit the fact. (Signed) WILLIAM ABBS.

The truth of this statement can be verified by Mr. Wright, Chemist, 15, Market street, Huddersfield.

A DREADFUL BAD BREAST CURED IN ONE MONTH.

Extract of a letter from Mr. Frederick Turner, of Preston, Kent, dated December 30th, 1850.

To Professor Holloway.

Dear Sir,—My wife had suffered from bad breasts for nine years, when she made application to the parish surgeon, and during the whole period had the best medical attendance, but all to no use. Having before heard an advertisement in my own locality, your universal medicine, I determined to make use of your Pills and Ointment, and therefore gave them a trial, in her pain and fortunate it was I did so, for in less than a month a perfect cure was effected, and the benefit this family is rather benefited of my family have derived from their use is really astonishing. I now strongly recommend them to all my friends.

(Signed) FREDERICK TURNER.

A Certificate.

BANGOR, June 8, 1850

THIS certifies that I have for a considerable time been afflicted with sore and inflamed eyes, and having used several kinds of Eye Water without any benefit, was induced, by the recommendation of others, to purchase a bottle of HANNAY'S EYE WATER, which entirely cured them, and also cured five of my children's eyes, that were also sore. Last fall, I procured another bottle and divided it into three parts, with a view of having them all cured at once, but the other two were troubled with sore eyes. All were cured that used it. I would advise every person who may be living in the vicinity of Bangor, and therefore in his vicinity, to call at the store of the subscriber, and be convinced of the truth of the above statement.

Saving Banks.

One of the most useful things for the poor and for young persons to learn, is the saving of their small earnings. In small sums at hand and where they can earn good wages, the necessity of having on hand a few dollars of ready funds too often tempts to the indulgence of them, small extravagances, or something of the kind that the money would be laid away there but a short time, and then increasing by the accumulation of interest, would, in the course of a few years, have made an aggregate sum which would be quite a comfortable addition to their means.

To enable those who are earning money by their labor, and who are able to save annually but a few dollars, the savings banks are established. In this city a Savings Bank, where money may be deposited and drawn at certain hours per week. The Bank is perfectly safe, and officers are men of integrity and of property, and every dollar will be safe, will participate in profits and will be ready whenever wanted for.

We cannot doubt but the command this has to the confidence of the people, and to persons who are accumulating money by small sums, make their monthly or quarterly deposits at the counter as they earn it, or wish to get it. Sickness, or some other misfortune, or some unexpected expenditure of their money, may render it necessary what it has saved.

The saving of five or ten dollars may seem a trifle with many, but to persons who, during five or ten days, cannot have such trifle to contract other debts, it is of importance. Habit and a practice of economy, to make a deposit monthly. As the habit is acquired, it is one after another, there is formed a feeling of security, and of independence which prove to give abundant, to reply to many things which otherwise be expended, the mind is lightened, the mind we to labor, the heart, and the experience of one very many examples.

Many small sums through the year, and a few years of industry, will be enough in the savings bank to start half a dozen persons in dollars or more at interest, and the whole enabling them to commence business with as many capital.

The opportunity is now offered to all the city and vicinity to avail themselves of the security and benefits of the Savings Bank recently established and now in operation here. There are many small sums stowed away, private draws and pockets liable to be stolen and to be suddenly expended, which, if put into the Savings Bank would, in a few years, be drawn to yield interest, and benefit the owners.

Improvement.

Jordan's Daguerreotype Rooms in Smith's Block, will be open to the public to-day for inspection, after having been closed for a few weeks, for the purpose of making improvements. These rooms now wear the appearance of a grand palace from the Graces, an exchange of fashion, a luxurious resting place for ladies to call at when down town, and where they are welcome at any time to remain. His reception-parlor is a beautiful room, elegantly furnished, and a fine toned piano is ready for use. His operating room, arranged and fitted precisely according to Jordan's fashion and probably not surpassed in any respect, or in the facilities of securing the desired results, by any in New England. This is a strong statement, but we believe it to be literally true. The light is admitted through an iron sash, twenty feet long by two feet broad, and the adjustments are such, that he can vary the light to any shade required.

Jordan is a genius and he is now in precisely the business that will give it full exercise, and is attractive to him and awakening all his interests, state powers, and brings them into harmony, activity. His rooms may be regarded as one of the lions of the city, and should be visited by all.

Railroad meeting this Evening.

The Directors of the Railroad have given notice in another column, that there will be a public meeting at the City Hall, this evening, for the purpose of hearing the report of their Committee for obtaining subscriptions to the stock. The matter begins to look hopeful, and only requires renewed efforts on the part of our citizens to push the enterprise to its completion. Let every man and every woman in the city attend the meeting on this evening. The good time is coming!

The members of the Pittsburgh Typographical Association inform their fellow craftsmen, throughout the Union, that at a recent meeting of the Association, a declaration was adopted, and subsequently signed by 90 journeymen compositors of the city, that they would not work on Sunday, in any printing office in the cities of Pittsburgh and Allegheny.

It is announced in one of the London papers that Mr. Macaulay is preparing a new edition of that true volumes of his history of England already issued, and that the remainder will be published in the course of the year. The work is now [illegible]

European and North American Railroad.

This enterprise is evidently finding much favor with the Massachusetts Legislature, and with the leading Boston papers. Our readers may remember that a petition to Massachusetts for aid at the last session of its Legislature, was referred to a Select Committee, of which Mr. Hudson was chairman, and a favorable report was then made—but the subject was deferred on account of the late stage of the session. On the 13th of April last, the same gentleman and accompanying papers were by order again referred to a Select Committee, who have just made a brief, but, we presume, able and very favorable report, which we copy entire, that our readers may see the view which Massachusetts and Boston are beginning to take of the enterprise. The Committee

REPORT:

That the experience of the past few years has [illegible] that railroads [illegible] to attract considerable portions of the commercial prosperity of New York to the cities of New England, which, previously relied upon [illegible] for its commerce. Bangor Air-Tight COOKING STOVE

THE best Cook Stove ever introduced to this or any other people.

Having secured the sole agency of this very desirable stove I take great pleasure in offering it to my customers and the public. This stove was invented expressly for this eastern market, by those experience and expert Stove manufacturers Messrs. Estes & Whittier, who know, and have appreciated the wants of the enlightened people. I do now offer to the public with the full assurance, since its merits, and its superiority over every other cooking apparatus ever introduced. Its convenience for Boiling, Broiling, Frying, &c., are not surpassed, and its extensive and beautiful Oven for Baking and Roasting, will at once recommend itself to the Ladies. One very important feature is, it has very little dust and soot to clean, and being manufactured in this city, can at all times be repaired, if ever necessary, at a trifling expense without subjecting one to wait for castings to be ordered from New York, Rhode Island or elsewhere. Every Stove is warranted for two years, and is not given to anyone to try—if they may be returned, and be in any way be refunded after 30 days' time.

—ALSO—

A great variety of other patterns of cooking Stoves, such as the

Our State, Bay State, Empire State, Granite State, State of Maine, &c.,

All of which will be sold at extremely low prices.

Private Dining Stoves—Hampden 2 and 4 Boiler parlor Stoves—Rhode Island Stoves, Forrest Queen, &c., and that very beautiful pattern of Cottage Parlor Coal Stove, and in fact every variety of Stoves for Cooking or warming, worthy of notice, can be found at the Central Street Store and Furnishing Depot, No 17 tf

Steam Planing Mill.

W. & A. HALL

WOULD respectfully invite notice to their customers and the public that they are in successful operation at their Mill on Broad water Wharf, Brewer, and are now prepared to give their most prompt attention to all calls for Planing, Turning, and Grooving Boards—Planing deck plank, &c., all of which will be done with neatness and to order, as low as at any other mill. A person having Lumber on or near the waters of the Penobscot in vicinity of Brewer or Bangor and wishing to have the same worked in the above manner, will find great saving by having their work done at this Mill, as the expense of transportation by water does not exceed one fourth the cost of land conveyance.

Brewer, April 9, 1852 15w

Planing Reduced.

IN consequence of the recent decision of Judge Shepley, that We Dworth Planing Machine, for all purposes have a right, I have reduced the price of planing and all kinds of Lumber, and will plane as low or lower than any other Machine in use, and warrant their work to give entire satisfaction.
